Dear Sir:

Responding to yours of the 16th, the advantages of membership in our Society are not so great for those who do not live nearer to New York than you do. Our Museum and Library are of course at the disposal of those who can visit them. Our publications are sent to our members as a return for their dues. I enclose a list of previous monographs. These usually total more than the $5.00 annial dues of an Associate member, but it has been very difficult to obtain for publication material relating to United States coins.

I take pleasure in enclosing an application card - if you care to consider becoming an Associate member I will gladly present your name at the next meeting of our Council.

Very truly yours,

Secretary
